

A SHOCKING NEW YEAR'S DIVORCE.

NEW YEAR WELCOMED

OLD pipe of mine, we've got to part.
I leave you soon forever.
Though you are twined about my heart.
We'll meet in frigure—never.
I'll swear you've faithful been and true.
You've put dull care to chare,
But there has come 'twixt you and me
That woman in the case.

WE'VE GOT TO PART.

pipe of mine, the day draws

from me you must roam,
may I know the cheer
light into my home;
then the shadows fall
comes on apace
up. Oh, cup of gall
in the case!

First, I hear you say,
My troth to you.
you from that day
be true.

young and green,
ardless face.
ere'd come be-
case.

BOWLING

REPLY TO THE ZANESVILLE CHALLENGE.

In answer to the challenge of the Zanesville Brunswicks, bowling club that appeared in last night's Advocate, a representative of the Hermanns wishes to say in reply that Zanesville is making this challenge, knew that it was impossible for the Hermanns to bowl on Saturday afternoon or night. If they had not known this they would not have had the nerve to issue this challenge. The Hermanns issued a challenge two weeks ago to bowl Zanesville for any amount from \$80 to \$850, and they were not sports enough to even answer the challenge that was sent to them in writing. The above challenge still stands good, but the game will never be bowled, as the former knows that Zanesville is only boasting as they have failed to run these blinds before and been called.

AMUSEMENTS

VAUDEVILLE AT AUDITORIUM
The Auditorium has completed arrangements for a complete vaudeville show for the matinee and evening performances today, and the acts will be of a second, or even third, rate.

The headliner is Major M. M. Gandy, who is presenting their little girl entertainment. The Follies and the Barnum men and they have been getting big hands whenever they have appeared.

The rest of the bill includes such high class acts as Cleo and Venus in a singing and dancing act, and Spragwood and Gerard will give their popular team act. The Reynolds Royal and the Scranton sisters have a pleasing singing and dancing act, and Jack Richards the foot juggler will also be there. Caruso Day has a nice single person act in singing and dancing, and motion picture and illustrated songs complete the bill.

KEITH STOCK COMPANY

Cato S. Keith, supported by a strong company, comes to the Auditorium next Monday for a one week engagement, with matinees daily, starting Tuesday. The advance notices describe this organization as the strongest stock company on the road, and if it can be judged by the favorable criticism which have been written about it, and the large business it has done in the neighboring cities it may be easily be classed among the solid successes of the season. The first performance will be given Monday night, when "My Jim" will be offered. Great things are expected of this play, as it has met with immense success elsewhere and is said to be among the best productions ever offered at popular prices. It tells an exciting story of love, passion and revenge, all told in a natural, interesting manner. It will be lavishly produced and acted by a company of more than average strength. Ladies free Monday night under liberal conditions. Seats now selling.

Charged With Assault and Battery. On affidavit of John Shatz, a warrant was issued by Justice Harten for the arrest of Adam Bera, Joseph Bera and Gligore Ritivoi, on the charge of making an assault and battery on Ilia Stanini, an aged woman. The men all gave bond for their appearance in court.

Fifty years ago Rev. Father John O'Brien of Lowell, Mass., recommended to his parishioners and friends the prescription that restored him to health and strength, so the people named it Father John's Medicine. It cures colds, heals throat and lungs, and builds up the body.

Could Not Smell nor Hear.

Mrs. A. L. Weitzel, 1025 Ohio St., Terra

Haute, I.-d., writes:

"When I began to take your medicine I could not smell, nor hear a church bell ring. Now I can both smell and hear.

"When I began your treatment my head was terrible. I had buzzing and chirping noises in my head.

"I followed your advice faithfully and took Per-u-n as you told me. Now I might say I am well.

"I want to go and visit my mother and see the doctor who said I was not long for this world. I will tell him it was Per-u-n that cured me."

People who object to liquid medicines can now secure Per-u-n tablets.

Weak Backs

If not strengthened soon are likely to cause trouble. Don't let your back go lame, just because it is "only a lame back." At first, not much doctoring may be needed—a plaster will probably make it all right. Get one of Crayton's Double Size and Double Strength Plasters and put it on. It strengthens weak backs and relieves the pain in lame backs.

**ANNUAL REPORT
LICKING BOARD
COUNTY VISITORS**

The Board of County Visitors of Licking county, consisting of T. B. Fulton, D. M. Keller and C. L. V. Holtz and Mrs. L. P. Nelson, Mrs. F. W. Seymour and Mrs. Elizabeth Rankin, through its secretary, D. M. Keller, has made its annual report to the Probate Judge. In its report the Board says that during the year it visited the Children's Home, the County Infirmary, the County Jail and the City Prison for the purpose of acquainting itself with the management of the institutions and the provisions made for the care and comfort of their inmates, with a view to making such recommendations to the proper authorities as it may deem necessary for the purpose of securing conditions that will best meet the wants of the inmates from a humane point of view, as well as the interests of society at large, to which most of them must sooner or later be returned. The board makes the following observations:

Children's Home—This institution is probably as well equipped and managed as any similar institution in the state. Little, if anything, could be suggested that would add to the care and comfort of the children and improve the management of the farm, which is an appendage to the institution. The average number of children enrolled during the year is about 60. The children are placed in homes as opportunity offers under articles of apprenticeship which guard the welfare of the child. We are not prepared to say that every effort possible is being made to find homes for these little waifs of our social system. The conditions of an ordinary home with reasonably good foster parents are better adapted to preparing these children for the stern realities of life than the conditions that necessarily prevail in an institution of this kind. Every effort should therefore be made to find suitable homes for as many of these children as possible. The policy should be pursued both for the welfare of the children and on account of public economy.

County Infirmary—This institution needs a hospital where the sick can be separated from the other inmates and receive better attention. This is especially desirable in case of contagious diseases.

We also notice that some of the men are lodged in the basement of one of the buildings from which sunlight is excluded, and except when artificial heat is admitted it becomes damp and musty, especially in damp weather. Better quarters, if possible, should be provided for the inmates.

County Jail—So far as accommodations, safe keeping and treatment are concerned, conditions here are good; but we beg leave to suggest to the County Commissioners that the ends of punishment and justice to the offender and the state are not attained by keeping men in idle confinement for months. When the prisoners are not confined in their cells they are given the liberty of the corridors of the jail, where they mingle indiscriminately and create a moral atmosphere that is anything else but conducive to their reformation; besides, confinement under such conditions is necessarily injurious to their physical well-being. Arrangements should be made for sending these prisoners to some work house, where those who have been addicted to an idle and shiftless life that brought them to their present plight may be led back to habits of industry and to realize the pleasure of an honest day's work, and those who have not yet become parasites upon society will not contract indolent habits. Besides it is meet that these offenders "Work out and expiate their former guilt." This should not be made a question of the comparative cost of keeping the prisoners in jail or sending them to a work house; if they were sent to a work house there would probably be fewer go to jail.

City Prison—We think that some radical changes should be made here.

The prison is now so constituted that all who enter must share the same quarter: like cells with the bare hard bench to sleep on, as if what is good enough for the "common drunk" is good enough for the man who is confined merely on suspicion on a charge of which he may not be guilty. The prison should be reconstructed so as to provide separate quarters for the prisoners according to their character and condition and proper sewerage should be installed. By no means all who are taken to this prison to await their hearing in court deserve the treatment they get under present conditions; nor will the conditions they are subjected to, inspire respect for law and the administration of justice under the law.

The press committee of the Trades Council are very much pleased to be informed that work has been resumed at the Everett glass plant, and that about one hundred men are installed. This means not only much to the hand blowers but to the city at large. We understand that additional blowers will be put up work soon.

Alone in Saw Mill at Midnight Unmindful of dampness, drafts, storms or cold W. J. Atkins worked as Night Watchman at Banner Springs, Tenn. Such exposure gave him a severe cold that settled on his lungs. At last he had to give up work. He tried many remedies but failed till he used Dr. King's Discovery. After using one bottle, he writes, "I went back to work as well as ever." Severe Colds, stubborn Coughs, inflamed throats and sore lungs, Hemorrhages, Croup and Whooping Cough get quick relief and prompt cure from this glorious medicine. 500 tab. \$1.00. Trial bottle free, guaranteed by F. D. Hall.

TRINITY SCHOOL.

The entertainment in Trinity Episcopal church on Thursday evening was one of the most largely attended and enjoyable Christmas affairs ever given the Sunday school pupils of this parish. The members of Trinity choir were also guests at the feast which was served in the basement of the church after a short religious service. Beautifully appointed tables decorated with holly and red and green candles suggestive of the season of the year, were arranged and the young people seated at an elaborate turkey supper. When the feast was over a varied program in which members of the Sunday school took part was given in the parish house and was greatly enjoyed.

All the young people displayed much talent as readers and musicians, but especial mention should be given Master Byron Mitchell, whose solo was one of the most beautiful ever heard in Newark, to let alone the fact that he is a lad of only about nine years. He is indeed a wonder for one of his years. The program concluded with an illustrated Christmas story by Rev. L. P. Franklin, which was listened to intently.
